

Summary of Benefits and Coverage

Small Employer Groups

The purpose of the SBC is to provide employers and employees with standard information, so they can more easily compare plans and make an informed choice about coverage plan options.

Florida Blue has produced an SBC for all of its actively sold plans which can be found below. It is your responsibility to distribute the appropriate SBC for the benefit plans you offer to your employees, as described below. You are only required to send to dependents if they have a different address than the employee.

1. **Upon application.** If you distribute written application materials for enrollment, the SBC must be provided as part of those materials. For this purpose, written application materials include any forms or requests for information, in paper form or through a website or email that must be completed for enrollment. If you do not distribute written application materials for enrollment (in either paper or electronic form), the SBC must be provided no later than the first date on which the participant is eligible to enroll in coverage.
2. **By first day of coverage** (if there are any changes after application). If there is any change in the information required to be in the SBC that was provided upon application and before the first day of coverage, you must update and provide a current SBC no later than the first day of coverage.
3. **Special enrollees.** The SBC must be provided to special enrollees no later than 90 days from enrollment.
4. **Upon renewal.** If you require your employees to actively elect to maintain coverage during open enrollment or provide them with the opportunity to change coverage options in open enrollment, you must provide the SBC at the same time you distribute your other open enrollment materials. If renewal is automatic you must provide the SBC no later than 30 days prior to the first day of the new plan or policy year.
5. **Upon request.** The SBC must be provided upon request for an SBC or summary information about the health coverage within seven business days following receipt of the request.

For most employers, the first time you will need to distribute an SBC will be on the first day of your first open enrollment period after September 23, 2012.

This is only a summary of the requirements. Please contact your own legal counsel or benefit advisor to discuss your specific obligations under this requirement. For more information, or questions on how Florida Blue is handling the requirement, please call 1-800-352-2583.

To be routed directly to your plan, enter the Plan Number in the *FIND* box located on the toolbar.

**Your plan number may be obtained from your Group Administrator.*
