Introducción

Florida Blue se complace en presentarles la Guía de medicinas Care Choices Planes para Grupos Grandes del Empleador. Esta es una guía general que incluye una lista integral de medicinas que pueden estar cubiertas por su plan. Ya que la cobertura de medicinas varía según el plan comprado por usted o el que le ofrece su empleador, es importante que consulte los documentos del plan para ver información completa sobre la cobertura. Cuando nos referimos a "documentos del plan" nos estamos refiriendo a uno o más de los siguientes documentos: Folleto de beneficios, Certificado de cobertura, Contrato, Manual del miembro o Endoso de medicinas recetadas.

La Guía de medicinas Care Choice proporciona consejos útiles sobre cómo aprovechar al máximo sus beneficios de farmacia y le da detalles acerca de varios programas de cobertura que están diseñados para brindarle las medicinas apropiadas y seguras cuando las necesita. Pueden ocurrir cambios en el formulario. Podrá encontrar la lista más actualizada si revisa la Guía de medicinas por Internet en www.floridablue.com o si llama al número de servicio al cliente que aparece en su tarjeta de miembro. Los miembros con problemas auditivos pueden comunicarse con el servicio de Retransmisión TTY de Florida, 711.

Si es un miembro actual, recomendamos que inicie sesión en su cuenta de miembro para obtener información específica sobre la cobertura de medicinas. Visite www.floridablue.com, y haga clic en la pestaña de Miembros. Una vez que se registre, puede buscar una medicina por nombre y comparar costos en diferentes farmacias. Podrá ver avisos que indican si una medicina requiere autorización previa o no está cubierta por su plan.

If you wish to obtain this brochure in English, please call the customer service number on the back of your ID card and ask to be transferred to a bilingual representative.

NOTA: Tanto usted como su médico deben decidir si le puede dar una medicina recetada. Todas y cada una de las decisiones que requieren o estén relacionadas con una opinión o capacitación médica profesional independiente o con la necesidad de una medicina recetada, deben tomarlas únicamente usted y su médico tratante de acuerdo con la relación paciente/médico.

Consejos importantes y Pautas de cobertura

Al seguir estas sencillas pautas, puede estar seguro que está recibiendo el máximo beneficio de su plan.

- Cuando reciba sus medicinas recetadas, pregunte a su médico o farmacéutico si tiene disponible una medicina genérica equivalente. Las medicinas genéricas son menos caras y la mayoría están cubiertas a menos que se excluyan específicamente en los documentos de su plan.
- Las medicinas de marca están cubiertas por su plan solo si están incluidas en la lista de medicinas. Las medicinas de marca que no están incluidas en la lista de medicinas no están cubiertas.
- Si está tomando actualmente una medicina, tome un momento para revisar la lista de medicinas y determinar si está cubierta. Si no, hable con su médico para entender sus opciones disponibles.
- Si usted o su proveedor solicitan una medicina recetada de marca cuando se encuentra disponible una medicina recetada genérica, usted será responsable de: (1) la diferencia en costo entre la medicina genérica y la medicina de marca que recibió; y (2) el costo compartido aplicable a la medicina de marca que recibió, como se indica en el Plan de beneficios.

Lista de medicinas

La Guía de Medicinas incluye la lista de Medicina Preferidas y algunas medicinas comúnmente recetadas que son medicinas no preferidas. La lista de Medicina Preferidas refleja las recomendaciones actuales de Florida Blue y es desarrollada en conjunto con Prime Therapeutics' National Pharmacy & Therapeutics Committee.

NOTA: Esta no es una lista completa de todas las medicinas cubiertas. Florida Blue se reserva el derecho de modificar (agregar, eliminar o cambiar) el nivel de cualquier medicina en esta Guía de medicinas o aplicar límites de cobertura en cualquier momento.

Para que los gastos a su cargo sean lo más bajos posible, considere pedirle a su médico que le recete medicinas genéricas o, si es necesario, medicinas de marca que se incluyen en la Lista. Esto ayudará a garantizar que sus medicinas cubiertas sean permitidas y reembolsadas según su plan. Además, considere usar una farmacia participante para obtener sus medicinas cubiertas, porque los gastos a su cargo deben ser más bajos que si usara una farmacia no participante.

Para ahorrar la mayor cantidad de dinero en medicinas, comparta esta Guía de medicinas con su médico o proveedor de atención médica en cada visita, así estará al tanto de las medicinas en la lista y el impacto del costo cuando hablen acerca de sus opciones de medicina.

Cambios al formulario

Esta guía incluye la lista de medicinas que refleja las recomendaciones actuales de Florida Blue. Es desarrollada en conjunto con Prime Therapeutics' National Pharmacy & Therapeutics Committee. Florida Blue se reserva el derecho de agregar, eliminar o cambiar el nivel de cualquier medicina en esta Guía de medicinas en cualquier momento.

La lista de medicinas se revisa cada tres meses para examinar las medicinas nuevas y la información más reciente sobre las medicinas que ya se encuentran en el mercado en relación con la seguridad, la eficacia y su uso actual en la terapia.

Hay varias razones para hacer cambios a las medicinas de la Guía de medicinas Care Choices:

- El nivel de una medicina de marca que se incluye en la lista de medicinas puede incrementarse (cambiar a un nivel más alto) cuando una medicina genérica bioequivalente es aprobada por la FDA.
- Las medicinas recetadas más recientes no podrán estar cubiertas hasta que el Pharmacy & Therapeutics Committee (Comité de Farmacia y Terapéutica) haya tenido la oportunidad de revisar la medicación, para determinar si la medicina estará cubierta y, en caso afirmativo, en qué nivel se aplicará sobre la base de la seguridad, la eficacia y la disponibilidad de otros productos dentro de esa clase de medicinas. Su parte de los gastos

Su costo compartido dependerá de cuál es el nivel de costo compartido de la medicina asignada. Puede determinar la cantidad de gastos a su cargo para medicinas revisando su Programa de beneficios. Si su plan incluye un Deducible, es posible que tenga que satisfacer esa cantidad antes de cubrir los costos de sus medicinas.

Si usted o su proveedor solicitan una medicina recetada de marca cuando se encuentra disponible una medicina recetada genérica, usted será responsable de:

- la diferencia en el costo entre la medicina genérica y la medicina de marca; y
- el costo compartido aplicable a las medicinas de marca, como se indica en su Programa de Beneficios.

Por ejemplo: Si su copago de medicina es de \$10 por genérica y \$40 por marca, y usted elige una medicina de marca cuando hay una genérica disponible, esto es lo que podría pagar.

La diferencia en el costo de las medicinas es de \$70 (Costo de las medicinas de marca \$120 - Costo frlsls medicinas genéricas de \$50) + Copago de lamarca \$40 =

\$ 110 es su costo total

NOTA: Si tiene un deducible, debe alcanzar su deducible antes de que los costos compartidos indicados apliquen

Beneficios de farmacia

El beneficio de farmacia tiene tres partes/componentes, llamados niveles. Esto significa que las medicinas cubiertas deben incluirse en uno de los siguientes Niveles, a menos que su plan los excluya específicamente:

Nivel 1: Medicinas y suministros recetados preventivos (USPSTF)

Nivel 2: Medicinas y suministros genéricos recetados para controlar una afección (Condition care)

Nivel 3: Todas las otras medicinas y suministros recetados genéricos

Nivel 4: Medicinas y suministros de marca recetados para controlar una afección (Condition care)

Nivel 5: Medicinas y suministros de marca preferidos

Nivel 6: Medicinas y suministros de marca recetados no preferidos

Nivel 7: Medicinas y suministros recetados de marca y genéricos especializados

Medicinas que no están cubiertas

Es posible que sus beneficios de farmacia no cubran medicinas selectas. Algunas razones por las que algunas medicinas no están cubiertas son:

- La medicina demostró tener efectos adversos excesivos y/o hay alternativas más seguras;
- La medicina tiene una alternativa preferida en la lista de medicinas o está disponible sin receta (over-the-counter, OTC)
- La medicina ya no se comercializa
- La medicina tiene una formulación equivalente genérica de clasificación AB ampliamente disponible/distribuida
- Medicina re-empacada: se refiere al producto farmacéutico que se retira del envase del fabricante original (originador de la marca) y que otro fabricante re-empaca con un Código nacional de medicina (NDC) diferente.
- La medicina no está cubierta debido a preocupaciones de seguridad o efectividad.

Además, cualquier otra medicina que no aparezca en la guía de medicinas, puede aparecer en una lista de ciertas medicinas que no están cubiertas en la [Lista de medicinas no cubiertas](#)

NOTA: Para determinar las exclusiones de las medicinas que aplican a su plan, consulte los documentos del plan. Información sobre la cobertura se encuentra disponible al ingresar en la sección de miembros de www.floridablue.com

Programa Condition Care Rx

El Programa Condition Care Rx está diseñado para ayudar a controlar el costo de las medicinas utilizadas para el tratamiento de ciertos estados crónicos y cumplir con las indicaciones que garanticen la efectividad de la medicina. Usted puede comprar la medicina a un costo reducido con el programa Condition Care Rx. Revise su Plan de beneficios para determinar el costo compartido que aplica.

Puede encontrar una lista de medicinas que son parte del Programa Condition Care Rx en: [Programa Condition Care Rx ValueList](#).

NOTA: Puede encontrar más información disponible sobre la cobertura al ingresar en la sección de miembros en www.floridablue.com.

Medicinas genéricas

Florida Blue recomienda el uso de medicinas genéricas como una manera de proporcionar medicinas de alta calidad a un costo reducido. Las medicinas genéricas son tan seguras y efectivas como su contraparte de marca, y suelen ser considerablemente más baratas.

La Administración de Alimentos y Drogas de los Estados Unidos (Food and Drug Administration, FDA) aprobó que las medicinas genéricas pueden ser sustituidas por su contraparte de marca debido a que:

- Contienen el(los) mismo(s) ingrediente(s) activo(s) de la medicina de marca.
- Son idénticas en cuanto a concentración, dosis y vías de administración.
- Son terapéuticamente equivalentes y se espera que tengan el mismo efecto clínico y perfil de seguridad.

Consulte con su médico o proveedor de atención médica para determinar si es apropiado para usted cambiar a una medicina genérica

Medicinas para quimioterapia oral

Las medicinas para quimioterapia oral son medicinas recetadas por un médico para eliminar o disminuir el crecimiento de células cancerosas de una manera consistente con los estándares nacionales aceptados. Puede encontrar un listado de estas medicinas en: [Lista I de medicinas para quimioterapia oral](#).

Medicinas sin receta (over-the-counter, OTC)

Una medicina sin receta puede ser un tratamiento adecuado para algunas condiciones y pueden tener un costo alternativo menor que algunas medicinas comúnmente recetadas. Su beneficio de farmacia puede ofrecer cobertura para ciertas medicinas sin receta. Algunos grupos pueden personalizar su plan de farmacia para excluir la cobertura de medicinas sin receta, por lo que es importante consultar los documentos de su plan para determinar si las medicinas sin receta están cubiertas bajo su plan. Sólo aquellas medicinas sin receta recetadas por su médico y designadas en el formulario con "OTC" entre paréntesis después del nombre de la medicina son elegibles para la cobertura.

NOTA: Consulte los documentos de su plan para determinar si este beneficio aplica a su plan. La información de la cobertura también está disponible al ingresar a la sección de miembro de www.floridablue.com.

No todas las farmacias brindan servicios de administración de vacunas. Es importante que se comunique con la farmacia para verificar la disponibilidad de la administración de vacunas. De lo contrario, póngase en contacto con su médico para conocer la disponibilidad y administración de la vacuna. Puede encontrar una lista de las vacunas que están cubiertas bajo su beneficio de farmacia en: [Lista de beneficios de farmacia para vacunas](#).

Medicinas de farmacias especializadas

Las medicinas de farmacias especializadas son inyectables, de infusión, orales o para inhalar, con costos muy altos, que generalmente requieren supervisión y monitoreo cuidadoso de la terapia del paciente.

Las medicinas especializadas están divididas en dos categorías:

- **Medicinas especializadas auto-administrables:** Los pacientes de farmacia especializada se administran sus propias medicinas. Dado que estas medicinas están destinadas a auto administrarse, no pueden ser cubiertas si se administran en un consultorio médico. Si estas medicinas no se obtienen en un participante de farmacia especializada, fuera de la red la cobertura no está disponible. [El listado actual de Medicinas Auto- Administradas especializadas aparece aquí.](#)
 - Las medicinas auto-administradas inyectables se designan en la lista de medicinas con "inj" seguido del nombre de la medicina (por ejemplo enoxaparin inj). Ningún otro inyectable auto administrado estará cubierto a menos que dicho inyectable esté identificado como una medicina especializada en esta Guía de medicinas. Los inyectables auto administrados estarán sujetos a la marca o al costo compartido genérico, tal como se describe en su Programa de beneficios. Florida Blue se reserva el derecho demodificar las medicinas auto-administradas inyectables que requieren autorización en cualquier momento y por cualquier motivo.
- **Medicinas especializadas administradas por un proveedor:** estas medicinas requieren ser administradas por un médico. Las medicinas de Farmacia Especializada son ordenadas por un proveedor y administrados en el consultorio médico o establecimiento ambulatorio. Las medicinas de farmacia especializada administradas por un proveedor están cubiertas bajo su beneficio médico. Estas medicinas se pueden obtener de cualquier proveedor de atención médica dentro de la red. [El listado actual de Medicinas especializadas- administradas por el proveedor aparece aquí.](#)

NOTA: Hemos notificado medicinas que pueden estar cubiertas como auto-administradas y/o administradas por el proveedor. Productos de Farmacia Especializada se pueden obtener como un beneficio de farmacia o de medicinas. Consulte su manual del para obtener detalles.

Opciones de farmacia

Tenga en cuenta dos tipos diferentes de farmacias cuando necesite reabastecer sus medicinas recetadas: farmacias de venta al por menor y farmacias especializadas. Para ahorrar la mayor cantidad de dinero, antes de reabastecer una medicina recetada debe confirmar que la farmacia esté considerada como 'dentro de la red' para esa medicina en particular.

- **Farmacia Participante**
 - **Red de farmacias al por menor:** Las medicinas 'genéricas' que no son especializadas y las medicinas 'de marca' que aparecen en la Guía de medicinas se pueden surtir en estas farmacias a un costo menor que el de otras farmacias en su área. Si va a una farmacia que no es participante, la medicina podría costarle más.
 - **Red de farmacias especializadas:** Hemos identificado ciertas medicinas como 'medicinas especializadas', debido a requisitos especiales como manejo, almacenamiento, entrenamiento, distribución y administración de la terapia. Estas medicinas aparecen como 'Medicinas especializadas' en la Guía de medicinas. Para estar cubiertas por su programa de farmacia al costo compartido dentro de la red, se deben comprar en una Farmacia especializada participante. Estas farmacias son **diferentes** a las farmacias minoristas y aparecen en el Directorio de proveedores y en la Guía de medicinas. Si usa una Farmacia especializada dentro de la red para obtener estas Medicinas especializadas, se reducirá el

Las medicinas especializadas auto administradas clasificadas por Florida Blue fuera del estado de Florida pueden ser obtenidas por un miembro con una receta a través de los proveedores de farmacias especializadas preferidas [Accredo](#) o [CVS/Caremark Specialty](#).

Si un miembro reside o está viajando fuera del estado de Florida y necesita recibir una medicina especializada administrada por un proveedor, el médico que prescribe debe coordinar con el proveedor de farmacias especializadas para su área o comunicarse con el plan local BlueCross and BlueShield Plan. Esta coordinación puede ayudar a garantizar que los miembros reciban sus medicinas al costo compartido dentro de la red.

Si recibe una receta escrita directamente de su proveedor para una medicina administrada por un proveedor puede comunicarse con el departamento de servicio al cliente para más ayuda.

La farmacia de orden por correo (también es conocida como de entrega a domicilio)

El servicio de entrega de farmacia a domicilio en la mayoría de los planes es proporcionado por [Amazon Pharmacy](#). Para confirmar su proveedor de entrega de farmacia a domicilio, ingrese a [floridablue.com](#) y vaya a la sección de entrega a domicilio en su cuenta de miembro para ver los detalles. Visite Amazon Pharmacy para obtener más detalles.

NOTA: Si la receta original se surtió en una farmacia diferente a una farmacia de entrega a domicilio, se necesitará una nueva receta original para un suministro de tres meses con una cantidad de suministro de hasta tres meses y no menor a un suministro para dos meses. Puede ser que las recetas de una farmacia de venta al por menor no puedan transferirse a una farmacia de entrega a domicilio.

Suministro para tres meses en farmacias minoristas

Además de recibir un suministro para tres meses de medicinas a través de una farmacia de orden por correo, es posible que reciba un suministro hasta de tres meses a través de una farmacia de venta al por menor participante. Para obtener detalles completos de la cobertura, consulte su folleto de beneficios, certificado de cobertura, contrato, manual para miembros o respaldo de medicinas recetadas.

Programas sobre la administración del uso (Utilization Management)

Programa de autorización previa

El programa Prior Authorization recomienda el uso apropiado, seguro y económico de las medicinas. Si está tomando o se le recetó una medicina que está incluida en el programa Prior Authorization, su médico necesitará enviar un formulario de solicitud para que su receta sea considerada como cubierta. Si no solicita y/o no recibe aprobación previa, la medicina no será cubierta. Las medicinas que requieren autorización previa para cobertura se indican en la columna de autorización previa que sigue al nombre del producto en la lista de medicinas.

NOTA: Algunos grupos pueden personalizar su plan de farmacia para excluir los requisitos de autorización previa, por lo que es importante consultar los documentos del plan para determinar si los requisitos de autorización previa aplican a su plan. Información sobre la cobertura se encuentra disponible al ingresar en la sección de miembros de [www.floridablue.com](#)

NOTA: Las autorizaciones de cobertura previas vencen en la fecha que sea anterior entre las siguientes, pero sin superar los 12 meses para la mayoría de medicinas:

1. La fecha de terminación de su póliza, o
2. El período autorizado por nosotros, según se indica en la carta que le enviamos.

NOTA: Tiene derecho a solicitar una apelación si se deniega la autorización previa. Consulte la subsección de "Cómo Apelar una Determinación Adversa de la sección de Proceso de Quejas y Apelaciones en su Folleto de Beneficio o Contrato actual para información sobre cómo presentar una apelación.

Las medicinas que requieren autorización previa para cobertura se indican en la columna de autorización previa que sigue al nombre del producto en la lista de medicinas. Florida Blue se reserva el derecho de cambiar en cualquier momento y por cualquier motivo, las medicinas y los límites de cantidad sujetos al Programa Responsible Quantity. Cómo utilizar esta lista de medicinas

Columna 1: Nombre de la medicina

La lista de medicinas está organizada en amplias categorías (p.ej., HORMONAS, DIABETES Y OTRAS MEDICINAS RELACIONADAS). Utilice la función de búsqueda de medicinas (Ctrl+F) para encontrar la información más reciente de los medicamentos que están en la lista de medicinas. Las medicinas genéricas se muestran en **negrita** y en minúsculas. La mayoría de las medicinas genéricas vienen acompañadas de una medicina de marca de referencia en (paréntesis). Algunos productos genéricos no cuentan con la marca de referencia. Las medicinas recetadas de marca aparecen en mayúsculas seguidas del nombre genérico. La columna de Requisitos/Límites muestra información sobre si esa medicina requiere autorización previa, terapia escalonada, distribución limitada o límites de cantidad. A continuación, se indican los significados de los indicadores utilizados en las columnas de Requisitos/Límites y de Nivel de Medicina.

Columna 2: Nivel de Medicina

Indica el nivel del formulario para cada medicina.

Columna 3: Especialidad (SP)

Indica que se trata de una medicina especializada autoadministrada.

Nota: En este documento se puede encontrar información adicional sobre las medicinas especializadas en la sección de medicinas autoadministradas de Farmacia Especializada.

Columna 4: Requisitos/Límites

- **Autorización Previa (Prior Authorization, PA)** - Algunas medicinas requieren autorización previa para garantizar un uso y una prescripción adecuados antes de que la medicina sea cubierta. La cobertura podría ser aprobada después de que se cumplan ciertos criterios. Se requiere la aprobación para que los reclamos se procesen en las farmacias de la red. Si el indicador de Autorización Previa está presente, entonces el programa de PA señalado se aplica posiblemente a su beneficio.
- **Terapia Escalonada (Step Therapy, ST)** - Requiere que los miembros prueben otra medicina que pueda ser más segura, clínicamente eficaz y, en algunos casos, menos costosa, antes de que se apruebe una medicina más cara. Si el indicador de Terapia Escalonada (ST) está presente, entonces el programa de ST señalado se aplica posiblemente a su beneficio.
- **Distribución limitada (Limited Distribution, LD)** - Los fabricantes de medicinas elegirán una o un número limitado de farmacias especializadas para suministrar las medicinas. En este documento se puede encontrar información adicional sobre la distribución limitada de medicinas en la sección de Farmacia Participante.
- **Límites de Cantidad (Quantity Limits, QL)** - Algunas medicinas tienen límites de cantidad para fomentar un uso seguro y adecuado. El límite de cantidad es la cantidad máxima que puede ser suministrada durante un periodo de tiempo determinado. Si el indicador de Límites de Cantidad (QL) está presente, entonces el programa de QL señalado se aplica posiblemente a su beneficio.

Algunos planes pueden tener programas de Manejo de la Utilización (Utilization Management, UM) (por ejemplo, PA, QL, y ST) en medicinas adicionales más allá de las indicadas en este documento.
