

Vision care is essential to maintaining a healthy lifestyle.

That's why vision insurance is an important benefit—and a vital component of your overall health plan.

Value for you and your family

Coverage you can count on | BlueVision Plans provide coverage with low or no copays on the most popular eye care features including eye exams, glasses, and contact lenses. You can enjoy the lowest member out-of-pocket costs starting on day one.

Comprehensive provider network | With over 163,000 points of access including national, private, and retail providers, as well as independent optometrists and ophthalmologists, you are covered. Plus, you receive out-of-network coverage.

Savings above and beyond | With the flexibility to choose from hundreds of frames and lens options at significant savings, you also get a one-year eyeglass breakage warranty for all collection frames at no additional cost and laser vision surgery through a nationwide credentialed provider network at up to a 20–35% discount.

Quality you can trust | All providers in the BlueVision network undergo a NCQA-certified credentialing process to ensure industry leading standards for quality.

Service and help when you need it | Members can receive support 7 days a week online, over the phone, or in person at a Florida Blue Center.[†]

Take a good look at your benefits:

BlueVision makes eye care affordable. Each plan includes access to a wide selection of frames, eyeglass lenses, and contacts—many of which are fully covered. Plus, you will enjoy:

Annual eye exam | Members receive a comprehensive annual eye exam at a low copay, in accordance with the Plan's Schedule of Benefits.

Frames | Florida Blue members will receive generous retail allowances that can be used for any frame offered by the provider, plus they will get an additional 20% off any remaining balance. In addition, members can choose from hundreds of designer frames from the Exclusive Frame Collection at low or no out-of-pocket cost.

Eyeglass lenses | Standard lenses for frames are fully covered, as are plastic and oversize lenses. Additional lens enhancement options like tinting, scratch-resistant coating, and ultraviolet coating are covered in accordance with the Plan's Schedule of Benefits.

Contact lenses | Each plan provides an elective contact lens allowance and replacement program. Most plans include full coverage on collection contact lenses, evaluation, fitting, and follow up care. Medically necessary contact lenses are covered at 100% with prior authorization.
