

Quality dental care where and when you need it

Whether you're due for a routine dental checkup or have a painful dental issue that needs immediate attention, Florida Blue makes it easy to get quality dental care—close to home or anywhere in the U.S.

Find your dentist of choice in our large provider network

BlueDental PPO plans allow you to use any dental provider for services, but there are advantages to getting care from a dentist in your plan's provider network:

- In-network dentists agree to provide services with lower out-of-pocket costs.
- In-network dentists file claim forms for you, so you don't need to pay upfront and wait to be reimbursed.
- Our networks include only credentialed dentists who meet our high quality standards.

24/7 emergency dental care

Emergency rooms are not typically equipped to handle dental emergencies. If you have a dental emergency and can't get hold of your dentist after hours, your BlueDental plan gives you 24/7 access to a dentist by phone or video call.

You'll be connected to a dentist no matter where you are. If necessary, they'll write prescriptions and/or refer you to an in-network dentist near you.
